The tools – your hack!

Ministry of Free Software... or you can just go home!

Public money, public code +1
results +1
benefits +1
access +1

Our money, our software
We paid it, we own it

No taxation without dissemination
liberation
publication

Stop wasting our taxes! +3

Public procurement for the public

Get what you pay for!

Who cares about internet
if you can have free software?!

Can I haz
Free Software?

Slogans

Feel free to add
your own, adapt existing ones,
underline what you like...

New code = GNU code

We didn't get what we paid for.

Tag Lines

Liberate publicly funded software now!
Publicly funded software should be
free!
libre

FREE SOFTWARE
LOVES YOU.
DO YOU LOVE
IT BACK?

“

Ich finde es aber höchst beeindruckend, was Ihr Sohn und seine „FSFE“ auf die Beine gestellt haben. [...] Nach der Wahl würde ich dann gerne einmal mit Ihrem Sohn Kontakt aufnehmen, um die Chancen, die in diesem Bereich liegen, näher zu besprechen. Wir Politiker sind dringend auch auf externen Input angewiesen!

“

[...] This is why the following will apply to all (public) digitisation projects in Germany in the future: the awarding of contracts and funding will be subject to compliance with the principles of open source and open standards. Software financed by public funds should serve all citizens. In addition, free and open APIs should facilitate access for independent developments. – CDU

No guns but roses
