

# Public Money? Public Code!

A campaign framework to promote software freedom

21 March 2021 · LibrePlanet Online

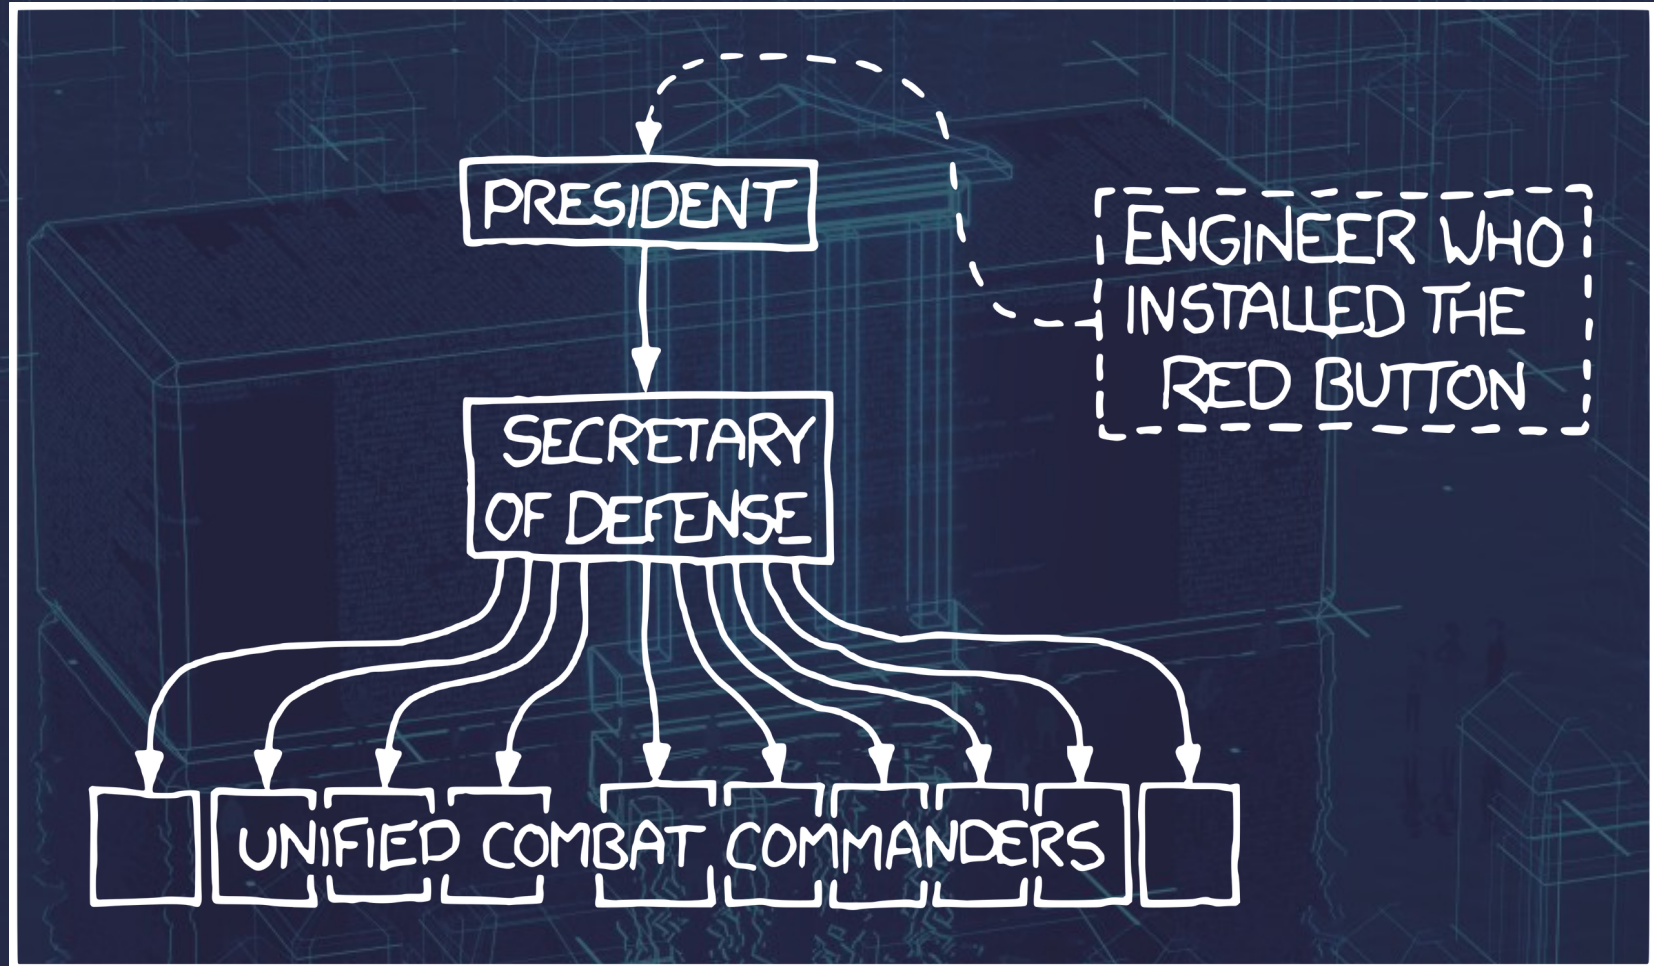

Matthias Kirschner · President · [fsfe.org/about/kirschner](https://fsfe.org/about/kirschner) · [@kirschner](https://twitter.com/kirschner)

US NUCLEAR CHAIN OF COMMAND

US NUCLEAR CHAIN OF COMMAND

**Use  
Study  
Share  
Improve**

A collection of various tools including hammers, axes, pliers, gloves, and a tape measure, arranged on a dark wooden surface. The tools are laid out in a somewhat organized manner, showcasing a variety of hand tools. The background is a dark, textured wooden surface, possibly a workbench or a table. The lighting is soft, highlighting the textures of the tools and the wood.

**The tools – your hack!**

Ministry of Free Software... or you can just go home!

Public money, public code +1  
results +1  
benefits +1  
access +1

Our money, our software  
We paid it, we own it

No taxation without dissemination  
liberation  
publication

Stop wasting our taxes! +3

Public procurement for the public

Get what you pay for!

Who cares about internet  
if you can have free software?!

Can I haz  
Free Software?

# Slogans

Feel free to add  
your own, adapt existing ones,  
underline what you like...

New code = GNU code

We didn't get what we paid for.

# Tag Lines

Liberate publicly funded software now!  
Publicly funded software should be  
free!  
libre

FREE SOFTWARE  
LOVES YOU.  
DO YOU LOVE  
IT BACK?

“

**Ich finde es aber höchst beeindruckend, was Ihr Sohn und seine „FSFE“ auf die Beine gestellt haben. [...] Nach der Wahl würde ich dann gerne einmal mit Ihrem Sohn Kontakt aufnehmen, um die Chancen, die in diesem Bereich liegen, näher zu besprechen. Wir Politiker sind dringend auch auf externen Input angewiesen!**

“

**[...] This is why the following will apply to all (public) digitisation projects in Germany in the future: the awarding of contracts and funding will be subject to compliance with the principles of open source and open standards. Software financed by public funds should serve all citizens. In addition, free and open APIs should facilitate access for independent developments. – CDU**

# COVID apps

- Free Software as gold standard
- First Corona tracing app in f-droid
- German iOS app REUSE compliant
- Discussions and statements

Many small people,  
in many small places,  
do many small things  
**that can alter  
the face of the world.**

# Thanks to all supporters of the FSFE!
