Free Software Law and Open Source of the State of Zacatecas

LIBRE PLANET 2018

Free Software Law of Zacatecas

- Published on September 2013

- The LX Legislature of the Honorable State Congress, creates the ACT OF FREE SOFTWARE AND OPEN SOURCE OF THE STATE OF ZACATECAS

Free Software Law of Zacatecas

- Citizens have access to information technologies

- Guarantee equal access to knowledge

- the possibility of sharing knowledge as the basis of a knowledge society and economy

LIBRE PLANET 2018

Free Software Law of Zacatecas

- It is imperative that the public education system of Zacatecas develop skills in its students for the use of Free Software and Open Source.

Free Software Law and Open Source of the State of Oaxaca

Free Software Law of Oaxaca

- Published on May 2017

- The LXIII Legislature of the Honorable State Congress, creates the ACT OF FREE SOFTWARE AND OPEN SOURCE OF THE STATE OF OAXACA

Free Software Law of Oaxaca

- Establish the bases for the creation and development of Free Software and Open Source for the benefit of the public, private, educational and social sectors in the State of Oaxaca

- Encourage the use of Free and Open Source Software in the public, private and social sectors

- Propose strategies for the general population to know and use Free and Open Source Software

Free Software Labs

"Every good work of software starts by scratching a developer' personal itch"

-Erik S. Raymond

Free Software Lab

- Prioritizes the link with educational institutions as generators of knowledge.

- Training of professionals with an excellent academic and technical level.

- the Laboratory positions the developments and those who implement them are the students who created them as part of their academic activity, thus initiating their economically active activity.
